## FIG TREE & CO

**W**elcome to Portofino, where the warm sea breeze cools you while you bask in the glow of an autumnal sunset... can you close your eyes and pretend that you are there? My hope is that these colors and prints take you away on a little Italian inspired rendezvous... into the villages of Tuscany, the cobblestones of Florence and all of the gelato you can eat! This warm, glowing palette can be transformed into so many different projects and seasons and I am excited to use it for both fall and spring as well. So many possibilities. With colors like Sienna, Citron, Pomegranate, and Gelato... this collection is sure to inspire you to create!
